Scope

This appraisal values the website as a proof asset and excludes traffic, rankings, lead volume, and any revenue-based valuation.

Included

- Offer architecture (positioning, tiers, and messaging).
- Conversion funnel mechanics (assessment capture + copy-to-clipboard workflow).
- Trust/compliance framing (no-guarantees clause, IP terms, delivery scope).
- UX polish for agency-grade client presentation.

Excluded

- Campaign results, SERP performance, or client outcomes.
- Delivery of the multi-site authority network itself (valued as a separate production stream).

Appendix

Observed capability highlights (from live site):

- States the system purpose clearly: a distributed brand authority system built to multiply trust signals and reinforce the primary site.

- Defines a multi-phase delivery cadence (3/6/9/12-month framing) and ideal client profiles.

- Publishes transparent tier pricing: Starter ($4,500/mo), Authority ($7,500/mo), Dominance ($12,000/mo).

- Includes a contract-safe agreement section (scope, no guarantees clause, compliance statement, payment terms, IP).
