Scope

This appraisal values the website as a proof asset (brand hub + demo suite). It excludes traffic history, rankings, conversion performance, and any revenue-based valuation. External services and API usage costs are not included.

Included

- Public hub page and five application pages (demo suite).
- Observed integration/gating flows and local-first storage patterns.
- Packaging quality as a unified branded suite.

Excluded

- Traffic, revenue, close rates, and pipeline performance.
- Private repositories or backend services not publicly visible.
- Licensing valuation for third-party APIs (Google, AI providers).

Appendix

Measured observations (live scan)

- App directory hub with 5 listed applications; each app is directly demoable from the hub.

- Observed integrations and gating: Google Calendar/Drive authorization flow; API key-gated activation; local-first storage.

- App suite posture is product-grade UI/UX with multiple standalone experiences under one brand umbrella.
